## Type II crews

There were over 60 sponsored Type II Southwest Fire Fighter (SWFF) crews during 1998. The majority of these crews came from the White Mountain Apache, Navajo, Hopi, Hualapai, Yavapai Apache, Tohono O'Odham, San Carlos, Jicarilla, Concho, Mescalero, Black Mesa, Santo Domingo, Jemez, Zia, Zuni, Acoma, Laguna, San Felipe, Isleta, and Ramah Indian tribes in Arizona, New Mexico, and Oklahoma. Each crew has a crew boss, three squad bosses, and a crew representative when on assignment.

In addition to the Indian crews, the Southwest Area also provides Type II crews from commercial contract services, as well as crews made up of regular federal employees.

#### **Prescott Fire Cache**

The National Interagency Support Cache at Prescott is located approximately 8 miles north of Prescott, AZ at the Prescott Fire Center and Henry Y. H. Kim Aviation Facility. Administered by the Prescott National Forest, the cache's service area includes Arizona and the southern portions of Utah and Nevada. The cache services suppression and preparedness planning orders from a wide variety of Federal and state agencies. Cooperators include the Bureau of Indian Affairs, Bureau of Land Management, National Park Service, U.S. Fish and Wildlife Service, as well as the states of Arizona, Utah, California, and the country of Mexico.

The 1998 fire season brought moderate activity to the cache, including support of five Type II incidents. Beginning in June, the cache provided supplies and equipment to numerous small incidents, as well as initial service to Mexico, Canada and Guatemala. In July and August, the cache was supporting suppression efforts in Texas and Florida with supplies and personnel via the Southern Area and the Lake City Remote Caches. In addition, the cache was shipping resources to a complex of managed natural ignition fires in the Grand Canyon National Park. By the end of September, after the cache had re-stocked crews and overhead returning to the Southwest Area, the cache had only minor refurbishment of used supplies and equipment to finish the season.

Also, the Prescott Cache had some significant changes in personnel during 1998, ranging the cache manager to material handlers. Six positions in the cache were filled by new employees or from promotions of current personnel.

## **Silver City Fire Cache**

The Silver City Fire Cache is located about 20 miles south of Silver City, New Mexico at the Grant County Airport. The cache is administered through the Gila National Forest in Silver City, NM. The geographic area of coverage for the cache includes New Mexico, western Texas, and southeast Arizona. The cache operates out of 6 buildings, 4 old semi-trailers, and 3 portable buildings.

The 1997 season was a fairly slow season compared to past seasons. The bulk of the caches business was in support of multiple initial attack. The cache did, however, issue two mobile support cache vans to type III incidents. In addition, the cache supported the Lummis prescribed natural fire on the Bandelier National Monument and the floods in Region 9 of the USDA Forest Service.

The Cache is involved in both suppression and pre-suppression orders. Cooperator agencies supported by the cache include the Bureau of Land Management, National Park Service, Bureau of Indian Affairs, Fish and Wildlife Service, as well as the States of New Mexico, Arizona, and Texas.

# **Southwest Coordination Center** Albuquerque, NM

The 1998 fire season was a very active and interesting season for the Southwest Coordination Center (SWCC).

#### Southwest Area Assignments:

- Two Type I Teams (Bateman x2) and five Type II Teams (NAZ x2, GLZ x3) were mobilized for incidents within the Southwest Area
- SWCC provided coordinator support to both the Lincoln Zone Coordination Center and the Central Arizona Zone Coordination Center during times of personnel shortages. SWCC has worked hard to be in a position to offer personnel to the Zone Coordination Centers and Geographic Area Coordination Centers when office staff shortages at these locations has arisen.

#### Other Geographic Area Assignments:

- During the month of September and in the center of the hurricane season in the Atlantic, the Southwest Area mobilized much needed support personnel to Puerto Rico and throughout the Southeast United States.
- A Type I Team (Bateman) was assigned to managed a receiving and distribution center in Jacksonville, Florida as part of the hurricane relief effort
- Mobilization of resources to Florida, Texas, Great Basin, and Northern Rockies for fire incidents made up the majority of SWCC's workload throughout the year
- Two Type I Teams were assigned to fire incidents in Florida (Loving and Bateman)
- One Type II Team was assigned to a fire incident in North Carolina (CAZ).

#### International Assignments:

- A Southwest Area Lead Plane pilot was assigned to large fire support in Indonesia with the MAFFS program in December 1997.
- Crews and overhead were sent to Canada in April.
- A Type I Team (Bateman) was assigned to a Mexico support order.
- Numerous overhead personnel were assigned to large fire support in Mexico and Guatemala in April and May.
- The Southwest Area mobilized technical assistance personnel through U.S. A.I.D. and O.F.D.A. to Brazil, Honduras and the Dominican Republic.

Vernon Ely joined the SWCC staff permanently in October. Vernon transferred to SWCC from the Coconino National Forest. In December, Steve Makowski and Dusty Voss retired. Both of these positions will, hopefully, be filled prior to the beginning of the 1999 fire season.
